Full Stack Web Developer Brazil

Company Description

We are SkillOnNet, leading the igaming entertainment by providing our customers with the most entertaining and trustworthy experience possible, while also reinventing the gambling industry. We are home to more than 30 well-known brands, including PlayOJO, DruckGluck, BacanaPlay, Genting, and many more. We are committed to long-term development and sustainability, and we are trying to revolutionise our industry for the benefit of our players, ourselves, and the entertainment industry as a whole.

Job Description

We are seeking a highly skilled and experienced Technical Expert to join our Brazilian, São Paulo office. The ideal candidate will possess deep technical knowledge, exceptional problem-solving skills, and the ability to provide strategic guidance to our clients and internal teams. This role requires a strong understanding of the latest technologies, industry trends, and best practices.

Your Responsibilities

- Develop and maintain enterprise-level applications platform.
- Provide technical expertise and guidance to internal teams.
- Lead the development and implementation of technical solutions that meet Company requirements.
- Stay current with industry trends, emerging technologies, and best practices.
- Oversee the planning, execution, and delivery of technical projects.
- Ensure projects are completed on time, within scope, and within budget.
- Coordinate with cross-functional teams to achieve project objectives.
- Work closely with software developers, engineers, and other technical staff.
- Troubleshoot and resolve technical problems as they arise.
- Provide ongoing technical support and maintenance.

What we are looking for:

- **Must have a bachelor's degree** in computer science, Engineering, or a related field.
- Must be **fluent in English** and Portuguese
- Proven experience in a technical expert or similar role.
- Strong knowledge of software development, IT infrastructure, and emerging technologies.
- Knowledge in programming languages, such as PHP & JavaScript.
- Excellent problem-solving and analytical skills.
- Strong communication and presentation abilities.

- Ability to work independently and as part of a team.

What's in it for YOU?

- Excellent work environment

- Attractive salary package

- Annual incentive Bonus

- Casual Dress Code

- A chance to advance professionally inside one of the world's largest iGaming organisations.
